

WATERGATE OWNERS:

We are entering the holiday season, and the number of packages being delivered to our doors is increasing. There have been several thefts of these packages, and we want to ask that you be vigilant when you know a package is coming. If you will not be home at the time of delivery, ask a neighbor to be on the lookout for it and take it in. Some have reported thefts from their railings and patios. Take care in what you put out in a vulnerable position.

On another matter, we have noted that there are a number of windows and window frames as well as front doors and door surrounds that have not been cleaned recently. There are a few broken windows that need repair. We have just completed painting that enhances our appearance, and we ask your cooperation in maintaining high standards of appearance. This routine maintenance is an owner responsibility.

Someone has left a headboard and bed frame in a parking space in the Royal St garage (the owner of the space is not in residence here). If you are responsible for this disposal, please remove it immediately. Removal of items like this are not covered by our trash contract and storage of any item in the garage is not permitted.

WATERGATE BOARD OF DIRECTORS
